

Indiana Department of Natural Resources / Division of Water

30 Day Public Notice Report

The Department of Natural Resources is providing this report to satisfy the requirements of the "Procedures Concerning Certain Licenses Act", IC 14-11-4, and its associated administrative rule, 312 IAC 2-3. The application files are available for public inspection at the Division of Water's office in Indianapolis. Please contact the Division's Technical Services Section at (317) 232-4160 or the toll free number 1-877-928-3755 to make an appointment for file review. Photocopies may be made for a nominal charge of \$0.10 per 8 1/2 " X 11" copy.

A pre-action public hearing on an application may be requested by filing a written petition with the Director, Division of Water:

Michael W. Neyer, P.E., Director
Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

For a petition to be considered valid it must:

1. Contain the typed or legibly printed name and complete mailing address of each petitioner;
2. Be signed by a minimum of 25 individuals who are at least 18 years old and either reside in the county where the project will take place or own real property within 1 mile of the project site;
3. Affirm that each signatory to the petition satisfies the requirements of item 2; and
4. Identify the application for which the public hearing is being requested either by the application # or the applicant's name and the project description.

A petition which does not meet these requirements will be considered invalid and the hearing request will not be granted.

A person may request that the Department provide written notice of its action on an application by filing a written request with:

Division of Water
Room W264
402 West Washington Street
Indianapolis, Indiana 46204

The request must identify the application by either the application # or the applicant's name and the project description.

Application # : FW-24072

Stream : Charley Creek

Applicant : Wabash County Highway Department
Larry Rice
800 Manchester Avenue
Wabash, IN 46992-1422

Description : The two span reinforced concrete arch bridge carrying Ferry Street over Vermont Street and the stream will be rehabilitated. The rail, sidewalk and deck down to the arch will be removed. Structural repairs on top of the arch will be made and a new 26' wide pavement deck over compacted granular fill, 4' wide sidewalk, new drains, spandrel walls and rails will be constructed. The rail ends will be extended with a minimum of a 10' offset from the edge of the roadway. Revetment riprap will be placed under the drain outlets on the south side slopes. Deteriorated concrete will be removed from the bottom of the arch spans and will be repaired with pneumatically placed mortar over wire mesh. Approximately 30' of the bridge railing and retaining wall along the south side of the bridge will be shifted south to meet horizontal curvature and sight distance requirements. Vermont Street will be realigned to pass under the center of the west span to improve vertical clearance to a minimum of 14' - 6" and 20 mph curve warning signs will be placed along the street. Details of the project are contained in information and plans received at the Division of Water on November 13, 2006.
